

Smart Cash Manager

SCM-B

- ⌋ This cash recycler is effective, intuitive and convenient.
- ⌋ Thanks to its ergonomic size, the SCM-B is easy to integrate in a shop or in a supermarket.
- ⌋ The machine is easy to handle. Customers and staff can get a good understanding of the system in no time.
- ⌋ Queue time is down.

Smart Cash Manager

Any brick and mortar business with a large share of cash payments finds a quick return on investment with this solution : bakery, butcher shop, fast-food, florist, pharmacy, supermarket,...

Undeniabiles advantages

Hygiene

No more manipulation of banknotes and coins by cashiers.

Efficiency

With each coin storage seperated, rendering is faster and breakdowns can be prevented.

Speed

Each transaction can be shorten, taking less than 5 seconds each time.

Reliability

Recognition of doubtful objects or foreign currencies.

Availability

Staff now has more time to inform and advise customers.

Autonomy

Thanks to high storage capacity, staff will have limited interaction with the cash flow.
